The National Education Association Fund for Children and Public Education (NEA Fund) collects voluntary contributions from Association members and uses these funds for political purposes, including, but not limited to, making contributions to and expenditures on behalf of friends of public education who are candidates for federal office. Only U.S. citizens or lawful permanent residents may contribute to the NEA Fund. Making a contribution is neither a condition of employment nor a requirement for membership in the Association, and members have the right to refuse to contribute without fear of reprisal. Contributions to the NEA Fund are not deductible as charitable contributions for federal income tax purposes. Federal law requires us to collect and report the name, mailing address, occupation and name of employer of each individual who contributes more than \$200 in a calendar year. Federal law prohibits the NEA Fund from receiving donations from anyone other than members of NEA and its affiliates and their immediate families.
