

WELCOME TO DOWNTOWN LOUISVILLE

DOWNTOWN WAYFINDING

Depending on your starting location and your end destination within Downtown Louisville, here are a few routes to help you navigate. Please keep in mind, road closures are constantly changing, due to the growth and construction taking place in our city, so the best way to stay up-to-date and find the fastest route is via the free WAZE App. WAZE is available for download via iTunes, Google Play and the Windows Store.

From the South/Louisville International Airport:

Traveling on I-65 Northbound toward Downtown/Louisville/Indianapolis. Take the Brook St. Exit (136B). Go straight on S. Brook St. and turn left on Muhammad Ali Blvd, Jefferson St. or Main St.

From the East:

Traveling on I-64 Westbound, take exit 5B (3rd St./River Rd.) and turn right on to Main St., left on 6th St. and left on Liberty St. The self parking garage will be located between 2nd and 3rd streets.

Traveling I-64 Westbound, take I-65 South Exit (Nashville), then exit via the Jefferson St. exit. Marriott Valet entrance will be located between 2nd and 3rd streets.

From the West:

Traveling on I-64 Eastbound, take exit 4 (9th St./Roy Wilkins Ave.), and you can turn left onto W. Market St., Liberty St., Chesnut St. or W. Broadway.

From I-71 Southbound:

Take exit 1A to merge onto I-64 W toward St. Louis. Take exit 5B (3rd St./River Rd.) and you have the options to turn right on River Road, Main St. or turn left on Market St.

Current Street Closures:

-  **3rd Street**
-From Market Street to Jefferson Street
-  **4th Street**
-From Market Street to Jefferson Street

Mayor Greg Fischer, the Office of Performance Improvement, and the Public Works Department have developed a partnership with Waze, the world's largest community-based traffic and navigation app. Waze is expected to dramatically improve traffic conditions in Metro Louisville by giving drivers the ability to share real-time traffic and road information. Louisville becomes the fifth city to team with Waze by reporting road closures and construction. The Metro Louisville government will now be able to more effectively alert citizens and businesses about construction, accidents or special events, like community runs, walks and parades. The city is now sending all its road closure information directly to Waze, which displays it on an easy-to-use and easy-to-see-and-understand mobile app that can be downloaded on smart phones, tablets or in car navigation systems.
