TIPS FOR MEETING WITH LEGISLATORS

REASONS TO MEET WITH YOUR LEGISLATORS

- Legislators are sincerely interested in getting their constituents’ views on legislation. They want to hear from you!
- The legislator may have a number of ideas and suggestions to help you focus your efforts.
- Meeting with your legislators can help you gauge the support or opposition to your position.
- Meeting with a legislator and providing information allows you to become a resource to him or her. As a result, the legislator’s staff may call on you for input in the crafting of legislation.

SCHEDULING THE MEETING

- It is always better to call and schedule the meeting in advance. However, if you have not scheduled a meeting prior to today, you can simply stop by a legislator’s office, but keep in mind that they may not be there or they may be busy.
- For future appointments, it is better to call than to write asking for an appointment, since calling makes it easier to find an acceptable date.
- It is always more effective if you, as a constituent, ask for an appointment, rather than having your organization’s staff make the request.

NAVIGATING LEGISLATIVE OFFICES IN THE ANNEX

NAVIGATING SENATE OFFICES

- You must use the stairs or the elevator in the middle of the Capitol Annex close to the tunnel to enter the 2nd floor.
- You can walk directly to your Senator’s office on the 2nd floor of the Capitol Annex by finding the correct room number. Once you find the correct room number, let the receptionist know who you would like to meet with, if you have an appointment, and if you are his/her constituent.
- If your Senator is not available, you can leave a Step Up for Kids note with the receptionist or ask when your Senator will be available to meet later in the day.

NAVIGATING HOUSE OFFICES

- Look to see if your Representative’s office is on the 3rd or 4th floor, and take the center elevator or stairs to that floor. There will be a large desk with a receptionist on each floor.
Let the receptionist know which Representative you would like to meet with, if you are his/her constituent, and whether or not you have an appointment. The receptionist will most likely give you a slip to fill out with your information.

The receptionist will then call back to your Representative’s office to see if he/she is available to meet or is expecting you. Once the receptionist has approval from your Representative to let you go back to his/her office, you will be given a visitor’s badge to wear. Then, head through the glass doors to your Representative’s office.

DURING THE MEETING

- Be prepared. Bring any simple and easy to understand materials with you. Prepare your remarks ahead of time.
- If you visit in a group, have one person take the lead. She/he can introduce the group, make a brief statement about why you are there, and then call on various people in the group to talk about their particular concerns.
- Be certain that members of your group agree on the objectives for the meeting and on the points to be addressed.
- Start the meeting off with a couple minutes of small talk to build some rapport, but make sure you get to the point rather quickly. Most visits last twenty minutes or less.

PRESENTING YOUR POSITION

- Present your view with conviction, but don’t put the legislator on the defensive.
- It helps to cover your issue from the legislator’s perspective, tying it in with his or her past votes or interests.
- Listen attentively.
- The legislator’s opening discussion with you will often give you clues about how to connect your issue with his/her concerns.
- If you don’t have the answer to a legislator’s question, say so. Tell the legislator you will provide the information, and then be certain that you do.
- Be prepared to address concerns raised by legislators about your issue, but make sure you do not become defensive if you disagree with them. Respond to their concerns with facts in a calm manner and ask them to consider the points you’ve raised.
- Provide easy-to-follow information, both when speaking and in a fact sheet that you leave with the legislator.
- Include a brief description of your issue in the fact sheet, why it is important to your organization, and the action that you want the legislator to take.

AFTER THE VISIT

- After the visit, write a letter of thanks to the legislator. Be sure to remind him/her of any agreements reached, and provide any information that you promised.

In January 1905, a special session of the Kentucky Legislature was called to consider a site for a new State Capitol building, due to the rising need for more space as well as space with modern technologies. An appropriation of $40,000 was allotted for the purchase of the land and preparation for the new building. The site chosen was known in Frankfort as the “Hunt Place,” a farm containing 33 acres in South Frankfort. The amount expended on the purchase of the grounds for the site and the work done thereon, performed by day labor, totaled $100,000. The setting was a naturally picturesque location. Frank M. Andrews, the architect whom the commission selected to build the new Capitol, stated that “Nature herself fixed the site.”

The Kentucky State Capitol Grounds was one of the few state capitol grounds sites designed by the Olmsted brothers, a team including step-brothers John Charles Olmsted and Frederick Law Olmsted Jr. The brothers formed their partnership in 1899 and followed in the footsteps of their father, the notable Frederick Law Olmsted, the nation’s first landscape architect. Not only did the Olmsted Brothers carry on the ideals and characteristics of their father, but they also were outstanding leaders in advancing landscape architecture to a status of honor and recognition among professions. The two brothers were among the founding members of the American Society of Landscape Architects and played an influential role in creating the National Park Service. Their notable commissions include the United States Capitol and White House grounds, Great Smoky Mountains and Acadia National Parks, Yosemite Valley, Central Park in New York City, Atlanta’s Piedmont Park, as well as entire park systems in cities such as Seattle, Boston, and Louisville.
