

KENTUCKY EDUCATION ASSOCIATION Training Programs

The Kentucky Education Association offers a variety of training sessions for schools, districts, local KEA leaders and local KEA associations. Some are offered on a statewide basis, others can be brought into your local area. Most can be adapted to meet local needs. For further details about scheduling and pricing of Professional Learning please contact your local UniServ Director or Michelle Grimes Jones, KEA Director of Professional Excellence, at michelle.jones@kea.org.

Poverty Supports

- **Rethinking Poverty Simulation: Community Action Poverty Simulation**

Through a partnership with the Missouri Community Action Coalition KEA has partnered to bring a Community Action Poverty Simulation. If you are looking for a community engagement program with parents or others or if you are looking for an engaging real world / meaningful training that is appropriate for all staff, then this is by far on of the best trainings we can provide. During this 3-hour training you will experience what it is like to survive in poverty and discuss the intense needs of the families that you work with daily in your schools. If you are interested in bringing this to your school or district please contact Michelle Grimes Jones, KEA Director of Professional Excellence at michelle.jones@kea.org for more details. (There is a minimum number of participants and location requirements for this training to be conducted.)

- **Getting By: Poverty & Scarcity Training**
