

TAP Halftime

The purpose of this assignment is to make sure you are on track before we complete the second half of the Transformational Art Project.

Project Overview

1. Edit the sentence below to summarize your project

I will be making my own version of insert art form (phase 2) to represent describe topic (phase 1)

2. You must use at least one reflection, rotation, *and* translation in the creation of your artwork. Briefly describe your plan for using each

Transformation	How it will show up in your art work?
Reflection	
Rotation	
Translation	

Rough Draft Plan

3. What will you do for your rough draft? Your rough draft should contain everything you hope to see in your final draft. It is okay to completely attempt your artwork for the rough draft, and then do it again for the final draft. That might make the most sense. For some projects it might make more sense for your rough draft to be a very detailed blueprint. In fact, your final draft could come about by only fixing or adding to your rough draft. Describe your plan for your rough draft.

Tools

4. What tools will you use to make accurate reflections/rotations/translations in your artwork? How will you use the tools?

Final Draft

5. Is there anything you are already planning to do differently on the final draft?
For instance, add color, make a digital version, use different tools...
